Hallo lieber Karl, hier ist mein schmales Log der AGCW-NTC Freundschafts Aktivität. Ich hatte Freude nach dem QRL ein paar schöne QSOs ohne Stress zu fahren. Vielen Dank für die Auswertung und vy73
Fritz DL4FDM AGCW#870, NTC#74

Guten Tag Karl, DC8ED. Es war eine schöne Party und ich freue mich auf das nächste mal. Viel Spaß weiterhin beim Hobby und awdh/cwfe. Uwe dl1unk.

Hallo OM Karl, Hier ist mein Log der AGCW NTC QSO Party. Klasse 2: Handhubtasten. Mit der bewährten Junker Handtaste. Station: K3 80 Watt in GP HF2V. Danke an alle Stationen für die schönen QSO's, bleibt gesund und agbp. 73 de Gerald HB9IRF AGCW # 2016

Hallo Karl, While on holiday in the Algarve it was nice to participate in this QP. Activity was a bit disappointing though. Very few stations tried 20m, a mistake, because this band was open Nevertheless I had fun. My Cabrillo log is attached. IC-7300 (100W), EFHW 10-40m (hung as inverted L), Palm Radio nano paddle, microHam CW keyer. Met vriendelijke groet / Kind regards, Enno Korma, PF5X, NTC #40

Good morning Karl, It was a very nice QSO party with lots of activity which kept me busy for 2 hours! Attached you will find the log as a odt document, I hope it is okay. I have scored 188 points and participated in the Bugs and Cootie Category. Have been using a Vibroplex Standard Bug. Operator of PI4NTC was PG4I. I hope next year there will be a AGCW club station on the air. 73 de Jo PG4I

Hallo, Hat Spass gemacht diese Party. Wenig Stress und gerade genügend Aktivität. Herzlichen Dank für Ihre Arbeit an die Logs. 73, Anton Mandos ON6NL.
