NTC Q P

Results of the NTC QSO Party - April 2022

4 pages this time, I have added a soapbox on page 2. 40 meters was buzzing and most people preferred to stay on that band until the end of the QSO party. Just a few contacts on 80 meters and also some on 20 meters. 21 stations have sent in a log with a total of 221 QSOs. Theo PA3HEN has been active with our club call PI4NTC.

Jean F6JOE is leading in the standard section for 2022 and Lothar DL1DXL is doing very well in the mechanical key section, congrats!

You can claim 3 points for a QSO with PI4NTC, some of you did not do this! Also, please add the number of QSOs and your scoring to the log or to your email if you can. It will save me some work!

Here are the results sorted by callsign:

NTC Q P

English Soapbox:

Helga, IN3FHE: I spent a very pleasant half hour in 40m. What a pity for the annoyance caused by the radar in full cw portion, but again it was a good experience adapting my speed to that of my correspondents. With patience and calm it is always possible to conclude a QSO.

Andy, G0LLX: I have not managed so many QSOs in my hour (well 55 mins, but who's counting), but it was a very enjoyable hour and I shall do my best to be in the next QSO Party also.

Dutch Soapbox:

Anton, ON6NL: Bijgaande mijn eerste poging om aan de NTC Party deel te nemen. Belangrijkste klacht: een uur is te kort! Dat is natuurlijk positief. Op elke band wat QSOs proberen te maken. En trots dat mijn allereerste QSO met PI4NTC zelf was. Ook mijn broer PA0M tegenkomen was heel leuk.

Jan PA0SIM: Deed voor de eerste keer mee met een bug, een Vibroplex Junior van 1922. Die heb ik sinds een week en dacht laat me die nu eens gebruiken. Doe dit keer dus mee in de categorie mechanical keys.
