

## Results of the NTC QSO Party – August 2022

We have received 25 logs this time with a total of 255 QSOs. The mechanical key section seems to become more popular, the number of logs are growing. Quite a few beginners at low speed this time, which is also a good thing. This QSO party is good for improving your CW!

Preferred log format is Cabrillo. If you can't create cabrillo logs, please send your log in a readable format. Word, pdf and even excel is okay, but no ADIF please!

### English Soapbox:

*Carel, PA0CMU:* Some strange conditions this evening. However, I managed to log 18 qso's (equal to last month) with only NTC members. Thank you all for answering my CQ on 40m. I hope the conditions will be better next month.

*Luc, ON7DQ:* I had a busy hour, first chasing a few calls I saw spotted on the CW Club RBN Spotter, then called CQ myself, which kept me busy for the rest of the time. Great Fun ! Rig : IC-7300, 100W, LW + my "Woody Cootie" key.

*Jan, PA0SIM:* Worked Vanni I5ECW and LLuis EA3NO on 20m. My doublet does a better job on the lower bands. My focus is on the lower bands. So moved to 40m. Not much activity on 80m.

### Dutch Soapbox:

*Thieu, PA0M:* Het was weer een goede oefening voor m'n CW, en dat verdient nog wel wat verbetering. Dank voor de organisatie en veel plezier.

*Ferry, PE1LDS:* Hierbij mijn loglijst voor de QSO Party van 18-08-2022. Het is nog niet veel maar ben pas lerend en heb er nog best moeite mee HI. Wel plezier gehad tijdens de party.
