

Results of the NTC QSO Party – December 2022

The last QSO party of this year. Many people complained about the difficult propagation. 40 meters was hard to use and 80 was very noisy. No contacts on 20 meters. 36 logs coming in.

English Soapbox:

Helga IN3FHE: Snow on the antenna, qrm/qrn higher as usual on 40 and big noise from OTHR on 80m. Horrible session of qso party, very sorry and pitty.

Luc ON7DQ: I first tried to work some stations that were spotted on 40m, but I couldn't hear any of them! Very strange conditions ... So I moved to 80m, and mainly called CQ myself. This resulted in 17 QSO's, the last one being Jo PG4I , just in time before 2000Z. I was using my regular setup : IC-7300 at 100W, 33m random wire (inverted-L) with CG-3000 auto-tuner, and my beloved Woody Cootie key. Great CW fun, we should do this every month ... oh wait, WE DO IT every month! 73 es CU you all in 2023!

Dutch soapbox:

Martin, PA2W: Conditioes leken vanavond niet zo goed op 80 en 40 en helaas was de lokale QRM vanavond sterker dan normaal (kerstverlichting ? :)). Wel weer prima vermaakt.

Carel, PA0CMU: Hier is mijn log van de NTC Party van vanavond. Dank voor de organisatie van alle activiteiten dit jaar en alvast fijne feestdagen gewenst gevolgd door een goed en gezond 2023!

Here are results for this year (more than 200 points):

- 1. **SQ9S** 307 points
- 2. PA0CMU 305 points
- 3. SP7OGP 299 points
- 4. F6JOE 276 points
- 5. PI4NTC 266 points

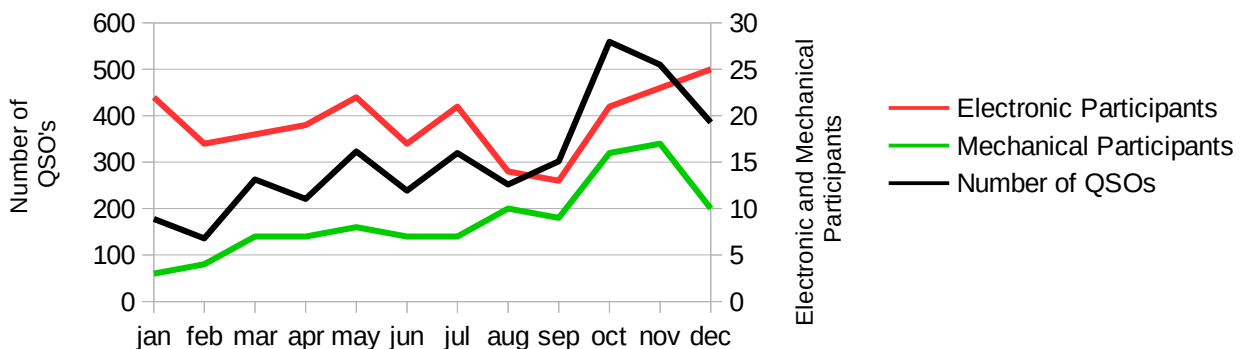

And here is the same list for the mechanical keying section:

- 1. **ON7DQ** 280 points
- 2. PA0SIM 224 points
- 3. DL1DXL 214 points

Congrats to Adam SQ9S and Luc ON7DQ with the first place, certificates are in the (e)mail!

It's been a great year for our QSO party, see the graph below. We have seen a steady incline in the number of QSO's and although the electronic keyer section averages around 20 people, the mechanical section has been quite successful. See you all next year with a new style QSO party, details will be in the January newsletter...

NTC QSO party 2022
