

Results of the NTC QSO Party – October 2022

Excellent appearance this party with 38 logs! The NVIS frequency dropped below 7 MHz which forced people to use 80 meters. Also, great participation of non-members this time.

English Soapbox:

Please find attached the log for Oktober NTC QP. As ever great fun! Obtained an IC7300 which makes life a bit easier compared to the FT817 barefoot i have been using before. Thanks all for the QSO's (IK1YRA,IN3FHE and GW4OKT as new ones) and see you next time around.
Paul PA3DSB, NTC 162.

Setup : IC-7300 at 100 Watts, antenna 33m random endfed, key "Woody Cootie". 80m seemed to work better than 40m this time. 73, Luc ON7DQ

Condx not very promising at start. On 40m heard PI4NTC Theo very weak, but he couldn't hear me. Worked only a single PA station (PA7RA Rien) on 40m. On both bands, 40m and 80m, QRN 3-4. 73 Jan PA0SIM.

Dutch soapbox:

Bijgaand mijn logs van de afgelopen NTC QSO party. Redelijke activiteit, zeker op 40 meter (sigs van PA's waren helaas niet hard). Op 80 meter viel de activiteit wat tegen, maar misschien was het hoge QRN niveau daar ook wel debet aan. Leuk uurtje seinen :) vy 73, Martin, PA2W

Summaries for 2022 on the next 2 pages

The competition is getting tough. Here is a list of stations who have more than 200 points:

PA0CMU	215 points
PI4NTC	244 points
SP7OGP	231 points
SQ9S	248 points

And here is the same list for the mechanical keying section:

ON7DQ	216 points
-------	------------

We have 2 more QSO parties to go on **November 17** and **December 15**. See you then!
