

Results of the NTC QSO Party – July 2023

Signals were very loud on 40 meters, so I made an effort to operate our club call PI4NTC with QRP power because I thought every QSO would count 5 bonus points. I guess we have to wait until next month, hi! First place for Milan S58MU, second for Enno PF5X, and third Vanni I5ECW together with our club call. Enno and Milan both have reached 400 points in the total scoring for 2023.

Rien PA7RA did very well in the mechanical section and comes first with Hannes DJ0SP second using his Junker Straight Key. Third place is for Lothar DL1DXL. Lothar is leading the mechanical keying section and is the first one reaching 300 points.

Next month we will try to operate PI4NTC from the club station at PI4UTR. We hope to be active at 2 bands at the same time. For 20 meters we will have a 3 element steppir beam available. You will have a chance to work Roel PA2RG using our club call. He has been invited to operate PI4NTC as a third operator.

Electronic Keying

Call	QSO	80m	40m	20m	Score

PA7RA	38		38		57	Bug	High Score
PA9CW	18		18		32		

Dutch Soapbox:

Tonnie PA9CW: bij deze de resultaten van de NTC Party juli 2023. Het was niet zo druk. Claimed score 32. Als ik het goed heb. Ik heb meegedaan in de klasse Mechanical keying, met 25 W in een MIDI Loop binnenshuis op zolder. Volgende keer hoop ik op wat meer aanbod, als de zomervakantie voorbij is :-).

Gerrit PA3AM: Vibroplex 1954 Lightning Bug. 20 QSQ,s op drukke 40M band, veel QRM en plotseling CQ roepende stations, dus maar een beetje Frequency Hopping gedaan, 4 x compleet QSO, 7 x NM, dus lekker met de BUG gewerkt en NTC propaganda gemaakt.

English Soapbox:

Luc ON7DQ: I was using my Junker straight key for a change , it was also good fun and good exercise. Rig IC-7300 , 100W and 33m long endfed random wire antenna.

Andy, GOLLX: I tried to make my QSO's using a portable QRP set-up, but with only one QSO made. I then had a few minutes left of the hour to make further QSO's, but again not very successful. Anyway, good fun. I look forward to the QP next Month.
