

## Results of the NTC QSO Party – June 2024

A quite unique situation this month, we could not activate PI4NTC with all of the operators (PG4I, PA3HEN, PA2RG) being unavailable. It is the first time this happened, our apologies! Most of the party QSO's were on 40 meters but plenty of you tried 20 meters at the beginning and 80 meters towards the end. Two of our members were operating from abroad, Luc DL/ON7DQ on his way to Friedrichshafen and Durk ON/PA3BYW on holiday in Belgium, although I did not see his log.

This month you could claim 5 bonus points for working non-members. Welcome back to Enno PF5X, who collected plenty of bonus points and took the lead in the electronic section. Goran SF6W won the mechanical section with his straight key, just like last month.

### Dutch Soapbox:

*Enno PF5X:* Eindelijk weer eens aanwezig op een NTC QP datum ... Op WA3AAN na, alles op 40m gewerkt. Condities waren matig, hoewel ik wel door RBN in VK6 en ZL gespot werd. Helaas leverde dat geen QSO's op uit dat werelddeel. Een aardig aantal NM's, zodat de score best nog aardig werd met slechts 35 verbindingen.

*Andre PA4OES:* 13 QSO's deze keer met de Junker sein sleutel. Blijft leuk. Met 100 Watt uit de Yaesu FTdx101Den een rotary dipole. Na de contest nog even Armenië gewerkt. op 20 mtr dit was een nieuwe DXCC op die band voor mij in CW.

*Luc ON7DQ:* toch even kunnen meedoen vanuit mijn AirBnb, we hadden hier gelukkig een mooie tuin, waar ik de 22.3m lange draad kon opstellen, en een terras met grote tafel als operating desk, alles prima verlopen. RIG : IC-705 op 10W , en de key was een "mini travel cootie", zie foto

### English Soapbox:

*Pavel, OK2BMA:* At the beginning of the Party I spent some time on 14 MHz, I was calling several times WA3AAN, he was here only RST 449 and I did not manage a QSO. Good condx on 7 MHz with many stations active. Thank you for the nice party. My rig: Yaesu FT 102 100 W output Ant Iw 40 mtrs
